

Nachdem das israelische Parlament die Fortsetzung der Aktivitäten von UNRWA, dem UN Hilfswerk für palästinensische Flüchtlinge und ihre Nachfahren, verboten hat, haben gestern 15 andere UN-Organisationen gemeinsam mit Oxfam eine knappe Erklärung abgegeben. Unten (mit Link) vollständig auf englisch, hier die knappe Zusammenfassung des Bayerischen Rundfunks:

21.45 Uhr: UN-Organisationen - Bevölkerung Nord-Gazas vom Tode bedroht

Die Leiter von 15 UN-Hilfsorganisationen und privater Gruppen haben in einer gemeinsamen Erklärung ein sofortiges Ende der Kämpfe im Gazastreifen gefordert. Besonders dramatisch sei die Lage im Norden des Küstenstreifens, wo Israels Armee Anfang Oktober eine neue Bodenoffensive gegen die islamistische Hamas gestartet hatte. "Die gesamte palästinensische Bevölkerung in Nord-Gaza ist akut vom Tod durch Krankheit, Hunger und Gewalt bedroht", heißt es in der Erklärung, die auf der Internetseite des UN-Koordinationsausschusses IASC veröffentlicht wurde.

Zu den Unterzeichnern gehörten unter anderem die Leiter des UN-Nothilfebüros (OCHA), des Flüchtlingshilfswerks (UNHCR), des Kinderhilfswerks (Unicef), der Weltgesundheitsorganisation (WHO) und des Welternährungsprogramms (WFP) sowie etwa der Hilfsorganisation Oxfam. "Die gesamte Region steht am Rande des Abgrunds", warnen die Unterzeichner.

Im September 2018 hat Tilo Jung vom Kanal "Jung & naiv" den damaligen UNRWA-Gaza-Direktor Matthias Schmale ausführlich interviewt. Für unser Verständnis sehr günstig: Schmale ist Deutscher. Das Interview dauert etwa 75 Minuten. Die bereits damals gleichen israelischen Vorwürfe werden im Gespräch thematisiert und erörtert.

Daß UNRWA unverzichtbar ist (was auch in der aktuellen UN-Erklärung explizit wiederholt wird), wird schon aus der hohen Anzahl der von UNRWA auftragsgemäß in Gaza betriebenen Schulen deutlich: 2018 waren es 275 für 278.000 Schülerinnen und Schüler, mit einem jährigen Zuwachs von 8.000 weiteren Kindern der Klassenstufen 1 - 9.

Eine Suche nach "Jung & naiv UNRWA" fördert weitere interessante Videos zutage, z.B. das kürzere mit Hind Khoudary in Gaza City, zu Jahresbeginn 2019 online gestellt. In der zweiten Hälfte wird das damals rege und lebendige städtische Leben aus dem Autofenster heraus gefilmt, was für uns heute sehr aufschlußreich ist.

Statement by Principals of the Inter-Agency Standing Committee - Stop the assault on Palestinians in Gaza and on those trying to help them

Published Date

1 November 2024

NEW YORK/GENEVA/ROME – We the leaders of 15 United Nations and humanitarian organizations urge, yet again, all parties fighting in Gaza to protect civilians, and call on the State of Israel to cease its assault on Gaza and on the humanitarians trying to help.

The situation unfolding in North Gaza is apocalyptic. The area has been under siege for almost a month, denied basic aid and life-saving supplies while bombardment and other attacks continue. Just in the past few days, hundreds of Palestinians have been killed, most of them women and children, and thousands have once again been forcibly displaced.

Hospitals have been almost entirely cut off from supplies and have come under attack, killing patients, destroying vital equipment, and disrupting life-saving services. Health workers and patients have been taken into custody. Fighting has also reportedly taken place inside hospitals.

Dozens of schools serving as shelters have been bombed or forcibly evacuated. Tents sheltering displaced families have been shelled, and people have been burned alive.

Rescue teams have been deliberately attacked and thwarted in their attempts to pull people buried under the rubble of their homes.

The needs of women and girls are overwhelming and growing every day. We have lost contact with those we support and those who provide lifesaving essential services for sexual and reproductive health and gender-based violence.

And we have received reports of civilians being targeted while trying to seek safety, and of men and boys being arrested and taken to unknown locations for detention.

Livestock are also dying, crop lands have been destroyed, trees burned to the ground, and agrifood systems infrastructure has been decimated.

The entire Palestinian population in North Gaza is at imminent risk of dying from disease, famine and violence.

Humanitarian aid cannot keep up with the scale of the needs due to the access constraints. Basic, life-saving goods are not available. Humanitarians are not safe to do their work and are blocked by Israeli forces and by insecurity from reaching people in need.

In a further blow to the humanitarian response, the polio vaccination campaign has been delayed due to the fighting, putting the lives of children in the region at risk.

And this week, the Israeli Parliament adopted legislation that would ban UNRWA and revoke its privileges and immunities. If implemented, such measures would be a catastrophe for the humanitarian response in Gaza, diametrically opposed to the United Nations Charter, with potential dire impacts on the human rights of the millions of Palestinians depending on UNRWA's assistance, and in violation of Israel's obligations under international law.

Let us be very clear: There is no alternative to UNRWA [1].

The blatant disregard for basic humanity and for the laws of war must stop.

International humanitarian law, including the rules of distinction, proportionality and precautions, must be respected. IHL obligations do not depend on reciprocity. No violation by one party ever releases the other from its legal obligations.

Attacks against civilians and what remains of civilian infrastructure in Gaza must stop.

Humanitarian relief must be facilitated, and we urge all parties to provide unimpeded access to affected people. Additionally, commercial goods must be allowed to enter Gaza.

The wounded and sick must receive the care they need. Medical personnel and hospitals must be spared. Hospitals should not turn into battlegrounds.

Unlawfully detained Palestinians must be released.

Israel must comply with the provisional orders and determinations of the International Court of Justice.

Hamas and other Palestinian armed groups must release the hostages immediately and unconditionally and must abide by international humanitarian law.

Member States must use their leverage to ensure respect for international law. This includes withholding arms transfers where there is a clear risk that such arms will be used in violation of international law.

The entire region is on the edge of a precipice. An immediate cessation of hostilities and a sustained, unconditional ceasefire are long overdue.
